SKILL OF DOCTORS UNAVAILING IN EFFORT TO SAVE BOYS' LIVES

Raymond Hall and Robert Spencer, Pelled From Water, Die in Two Hours

AGONIZED FATHERS WATCH

While grief-stricken fathers watched and prayed and the entire community hoped almost against hope, five physicians with a corps of willing helpers and nurses battled unceasingly for two and one-half hours Monday afternoon to save the lives of little Raymond Hall, the eight-year old son of D. N. Hall of Prospect avenue and Robert Spencer the eight-year old son of Mr. and Mrs. Hugh Spencer of the same street. Their efforts were in vain, the boys dying after 6 o'clock from drowning, shock and exposure.

Upon leaving school at the Second street building Monday afternoon at about 3:30 o'clock the two lads made their way toward Maple creek, intending to test the ice. The high waters of the Monongahela had backed up into the creek, and the zero weather of Monday had formed a glistening surface. Onto this attractive but of ice the two lads ventured.

No one saw them at the moment but the boys had not gone far until suddenly and without warning the ice broke, plunging them into the deep and frozen stream. Coming up they apparently knew enough to grasp for ice and to attempt to save themselves, but had insufficient strength to scream for help. Trained men of a freight train at the water tank and passersby on a jitney bus saw the struggling lads. With all haste they pulled them from the water.

Unconscious and it appeared almost dead the two lads were raced in jitney busses to the office of Dr. A. O. Davis. Physicians were not available at the time, but Conductor J. F. McNulty of the Monongahela Division, P. R. R., a former U. S. Army Sergeant was. Directing a corps of assistants he worked for more than a half hour pouring water from the bodies of the unconscious boys and rendering intelligent first aid treatment until the arrival of physicians.

Drs. A. S. Sickman, J. Clive Enos, H. J. Repman, V. P. Vieslet and A. O. Davis all arrived at about the same time summoned by frantic telephone messages. The fathers of the boys came, agonized by the news.

In an automobile, breaking all speed records, A. D. Spencer an uncle of the Spencer boy, raced to the mills of the Pittsburgh Steel company to secure pulmotors. Another pulmotor was sent by the Pittsburgh Railways company and mines in the nearby vicinity even as far away as California sent word that all apparatus for life saving they had were at the disposal of the Charleroi doctors.

Using every art known in first aid work and to the medical profession, the corps of physicians, expertly assisted, worked practically two and one-half hours before the last weak flutter of the boys' hearts told them their efforts had been in vain.

Raymond Hall is the second in the family to die within a period of about four months. On October 13, after weeks of illness and an operation, Mrs. Hall the mother of Raymond died. In the family there remain Mr. Hall and Ruth Hall, his daughter who is slightly older than Raymond.

GETS DOWN AND SITS WITH HIS CONGREGATION WHILE PREACHING

Rev. Thomas Barlow Good as His Word At St. Mary's Episcopal Church—Divides Services

True to announcement Rev. Thomas Barlow, of Homestead, who this week is holding a mission at St. Mary's Episcopal church, got down with his congregation Monday evening. This was the second part of the service which he conducted. The first part was a sermon preached from his pulpit on the text, "Jesus of Nazareth Passeth By." He said opportunity was always waiting, that there was always an opportunity to accept Jesus as a personal Saviour, that he was always waiting. In the second part of the service Rev. Barlow took a place at a table and had a sort of family talk with the congregation. Old fashioned hymns were sung and conventionalities were done away with.

MANY CASES ARE BROUGHT TO END

The February term of criminal court was convened Monday afternoon. Sixty-one jurors of the number summoned, were present.

The first three cases on the list for yesterday were disposed of without being tried. District Attorney Baum in presenting them, stated they had been carried over from terms last year.

In the case of the commonwealth against Louis Curisco, charged with a statutory offense, the district attorney said the prosecutrix and other witnesses had left the jurisdiction of the court. It was suggested that the defendant be discharged upon payment of costs. This will be done.

In the case of the commonwealth against James Ritson, charged with assault and battery his wife being the prosecutrix, it was stated the couple were again happily living together. It was suggested the prosecution be dropped on payment of costs.

In the case of the commonwealth against Henry Procuer, charged with a crime against mortality, the principal witnesses have gone to Rochester, N. Y. The defendant has already been in jail three months, so the district attorney suggested that he be discharged.

The two cases against Dominick Barbara of East Bethlehem township, charged with violating the liquor laws, have been continued on account of the illness of the defendant.

John Wolke, charged with felonious breaking and entry was acquitted. George Ruffner, colored, is on trial on a serious charge, preferred by Mrs. Jennie Betts on behalf of her young daughter.

William Smith was tried for the larceny of some money from Clyde Elkins. The offense was committed at Shupetown near Canonsburg.

Upon motion of C. L. V. Acheson, counsel for Louie Campeni, indicted for the murder of Giovanna Giota at California the case has been continued to the May term of criminal court. Also upon the motion of Attorney Acheson the case of the commonwealth against Edward Lockhart, in-

GREENSBURGERS RAKED BY CHARLEROI PASTOR

"Greensburg's Greatest Sin" was the topic of a sensational and startling sermon Rev. E. N. Duty, pastor of the First Christian church here delivered at Greensburg Sunday night. The sermon found its way into the newspapers under large headlines indicating the way in which the Charleroi pastor smashed into social conditions of the effete Westmoreland county seat.

Women who play cards for prizes, girls who smoke cigarets, men who drink intoxicating liquor and the women frequenters of the dives of Greensburg were all scathingly arraigned by the speaker.

Rev. Duty startled many persons in the audience when he declared that many high school girls were smoking cigarets. He further asserted that he knew of two girls who were ridiculed and ostracized because they would not join in with the crowd who were doing the smoking. The minister declared these girls were on the "first stepping stones to Hell."

Rev. Duty assailed the dance, and then went after officialdom of Greensburg, declaring certain of the officials were without a sufficient supply of backbone.

"Speaking of general conditions he said that a "dive" was being operated within the shadow of the court house.

REV. NOBLE PREACHES ON THE THEME "THE DEITY OF CHRIST"

Rev. S. G. Noble preached an intensely interesting sermon Monday night in the First Presbyterian church on "The Deity of Christ," bringing out the points that Christ was prophesied in every generation from the time of Adam and that two worlds were interested in the birth of the babe in the manger, a child of poverty born in an obscure corner of the earth under a foreign power. "In heaven, the Angel Gabriel, the multitude of the heavenly host even God the Father and the Holy spirit were deeply interested," said the Evangelist, "and on earth the King the chief priests and the wise men of the east were interested in this helpless babe." This unusual interest was attributed to the fact that Christ was God manifest in the flesh, and a strong appeal was made to Christians to recognize the Deity of Christ and be saved from luke-warmness, to zealous faith. The special features of the song service were a solo by Mrs. I. T. Daniel, "Somebody Knows," which she sang in her own sympathetic way, and a song by the Junior girls. The subject tonight will be "The Humiliation of Christ."

EDMUND BREESE AT COYLE THEATRE ON WEDNESDAY

"The Lure of Heart's Desire," a story of the great white way and the desolate Alaskan waste will be shown at the Coyle theatre Wednesday. Edmund Breese, the eminent dramatic star, will appear in the leading role. He will be supported by Arthur Hoops and a Broadway cast. Pauline Frederick in "Lydia Gilmore" is today's attraction at the Coyle.

JUNIORS HOST TO SENIORS AT VALENTINE PARTY

Monday night at the high school gymnasium the Junior class entertained the Seniors at a Valentine party. The Valentine idea was carried out in the decorations and lunch served by the Junior girls. Dancing and games were the amusements. The party was one to increase social spirit at the high school and will probably be followed by many of its kind.

Upon their return they will take up their residence in Charleroi.

Alvis testified as to the manner in which they had raided Irwin's place and showed exhibits gathered there. The men who were arrested with Irwin failed to appear to answer to their charges.

SUCCESSFUL MEETING HELD BY MEMBERS OF BIBLE CLASS

One of the most successful social affairs of the season was the meeting held by the Adult Bible class of the Christ Lutheran church in the basement of the church Monday evening. The purpose of the meeting was to promote interest in the class. Games and talks by members of the class were the diversions of the evening. The women of the class served refreshments.

At the First Presbyterian church tonight, Rev. Noble will preach on "The Humiliation of Christ." 206-t1.

FIREMEN'S PLAY TOMORROW NIGHT

Final preparations are shaping up for the first presentation tomorrow night at the high school auditorium of "What Happened to Jones," the home talent production to be staged under direction of James S. Russell for the benefit of the Charleroi Fire Department. Final rehearsals will be held tonight.

The production is in three acts, with all scenes laid in New York city. The story is one of a peculiar mixup in which a bishop, a professor and various others become variously misunderstood. Rich situations are the result. The cast of characters is such as to make the attraction a big drawing card.

Tickets are being rapidly reserved for both nights of the performance, until nearly all seats are taken. There will be entertainment between acts furnished by Chester C. Humphries, tenor soloist, Louis D'Augustino, a mandolinist and James Oates, character monologist in Charley Chaplin postures.

After the rendition of the program a short chorus practice was held. The hostesses were Mrs. F. J. Bethem and Miss Isabella Dorbritz.

VALLE OF A SMILE.
Some time ago the New York Sun
published the following dispatch from
London:
"Alice John Hodges of Chelmsford,
who died some time ago and whose
will was probated today, bequeathed
\$500 to Mrs. Walker, wife of a bank
cassier, for simply smiling pleasantly
at the testatrix as they left church
together. Mrs. Walker explained to-
day that she sat near Miss Hodges in
church and as she came out she
smiled at her and exchanged a few
pleasant words."

Commenting on this incident, the
Watchman-Examiner, of New York
said:
"Now there is no market for man-
ufactured smiles. Mrs. Walker smiled
because it was in her heart to smile.
She did not smile with a legacy in
view."

Smiles have brought to many rich-
legacies than Mrs. Walker received.
They have brought the love and gra-
titude of burdened and lonely hearts.

Smiles do not cost much, but they
accomplish wonders.
The other day we sat in a street car
gazing into twenty faces burdened or
sad or sullen. A mother came in with
a little boy of three or four. He was
a perfect picture of physical beauty.
His little face was radiant. Sudden-
ly he began to laugh. His mother
tried to subdue him, but he kept on
laughing.

Gradually the men and women in
the car began to thaw out, and after
while the whole company was smil-
ing. The atmosphere of the car had
changed.

The little boy had wrought a trans-
formation, and a score of weary men
and women went home with lighter
hearts.

It hurt some of them to wrinkle
up their faces into a smile, but after
they had practiced a little they liked
it.

In the good old days, when the Cal-
ifornia Normal football teams were
eager, willing and able to whip their
weight in tigers, figuratively speak-
ing, the famous educational institu-
tion of the up-river town was engaged
in a peculiar kind of educational
uplift work that now it is neglecting.
It is with a realization of this that
some of the alumni have gotten their
heads together and formulated a plan
for placing the school back where
they believe it should be. Briefly the
plan is for appointing Edward Mc-
Cleary, one of the most famous ath-
letes States College ever produced, to
the position of athletic instructor,
with the end in view of encouraging
youths to interest themselves more in
higher educational pursuits. In the
time of Coach "Pop" Harmon at the
Normal, young men of ability were
brought from the mines and the mills
to California, attracted there by the
athletic work. Yet they received good
educations and had bred into them a
desire for the better things of the
world. The result has been that many
a young man has found his way into
a responsible position, where techni-
cal skill is demanded. Had it not
been for the efforts of the coach who
induced them to leave their picks and
shovels of the dingy mine for the
brighter opportunities of the techni-
cal world, they would now be qualify-
ing only as mine assistants or some-
thing of the sort with little hope for
ever bettering their condition. The
election of McCleary to the Califor-
nia place would be a good move and
truly in the interests of education.

Somebody's profits are going to
shrink amazingly or the people are
going to pay tremendously for their
goods if these freight embargoes last
much longer. They won't, the rail-
roads are happy to announce, but
they aren't half as happy to announce
it as the understanding public is to
hear it. Freight embargoes have
driven manufacturers to the use of
express carrier companies. The cost
has been exorbitant, but there has
been no other alternative. Supplies
had to be furnished somehow. From
Charleoi was shipped glassware in
immense quantities to the New Eng-
land states. The ware had to go by
express and the footing was about 10
to 16 cents per globe, figured down
—infinitely more than freight. The
user ultimately will pay the excess, if

GET THE MAJESTIC HABIT :- FOLLOW THE CROWD

Uncle Sam gets blamed for a lot
of fool schemes, but in matters of civ-
il pride he teaches us a lesson. In
Monessen he prohibits the desecra-
tion of recently purchased government
property with billboards, no matter
how long they have been there. In
Charleoi government grounds are to
be extensively improved through the
planting of shrubbery and general
cultivation under the direction of an
expert landscape gardener. No half-
way work will do for your Uncle,
who proposes to see that his orders
are properly carried out. Since we
have long neglected the appearance
of certain sections we may now take
heed and learn from precept. Beau-
tifying the borough on elaborate scale
is possible with but little expense, if
we all engage in it, so let's follow our
Uncle.

One trembles to think what might
have been the result had this been a
tight, hard winter. Every cold spell
of any consequence has carried with it
a very noticeable decrease in the
gas supply, so much in fact as to
cause a rather general suspension of
industrial operations at each period.
Had the cold weather been an all-
winter affair instead of a spasmodic
arrangement it is probable the neces-
sitated suspensions would have been of
much longer duration and at this par-
ticular time when there is such a
heavy demand for manufactured prod-
ucts this would have been rather ser-
ious. Possibilities which did not
prove probabilities, however, are not
worth while crying over and yet a
warning has been given.

PICKED UP IN PASSING

Most anyone can be an editor.
All the editors have to do is to sit at
a desk six days out of the week, four
months of the year, and "edit" such
stuff as this:

"Mrs. Jones of Cactus Creek, let a
can opener slip last week and cut her-
self in the pantry."

"A mischievous lad of Picketown
threw a stone and hit Mr. Pike in the
alley last Thursday."

"John Doe climbed on the roof of
his house last week looking for a leak
and fell, striking himself on the
porch."

"While Harold Green was escort-
ing Miss Violet Wise from the church
social last Saturday night a savage
dog attacked and bit Mr. Green on the
public square."

"Isaiah Trimmer of Running Creek
was playing with a cat Friday, when
it scratched him on the veranda."

"Mr. Fong, while harnessing a bron-
cho last Saturday, was kicked just
south of his corn patch."

Yes it's a wonder they draw sala-
ries for it.—Lamar (Mo.) Republican-
Sentinel.

Edward R. Webster of Charleoi,
who is on the United Steamship
Michigan, sends the following poem
for the Picked up in Passing column:
Some people desire a private yacht,
Or ride in a private car;
But I'm satisfied if I can only ride,
On the decks of a man o'war.

Those who wish may attend their clubs
Play bridge and live at ease;
But I'm content with an evening spent
Aboard, on the rolling seas.

The wanderlust is in my blood.
To travel is my delight,
The sound of the waves seem soothing to
hear
Like the sound of "Taps" at night.

I've traveled the sea full many a day,
And have visited many lands,
I have seen the peaks of the rich
Andea
I've gazed on Sahara's sands.

I have sipped redwine in sunny France
And have danced in Paris gay
Where gallants fight over maiden's
smiles,
Where pleasure holds full sway.

I've breathed the sultry tropic air
On many a South Sea Isle,
I've viewed the sights in Pharaoh's
land,
And walked along the Nile.

I've sipped the tea of the far Japan,
And that of India too,
I've eaten fancy Chinese foods,
Where knives and spoons are few.

In fact I've traveled this old world
o'er,
And I hope to travel more,
The rolling sea has a charm for me,
As nothing has had before.

Some day perhaps, I'll long for home,
And I'll sail back o'er the brine,
But until that day, I can safely say,
I'll be a sailor's life for mine.

MILLIONS TAKING TANLAC, FAMOUS MASTER REMEDY

Preparation Now Assisting Multitudes in the Larger Cities.

Nothing in recent years has created quite as much comment as the fact that Tanlac, the "Master Medicine" is now being introduced here in connection with the Pittsburg campaign.

This place is, indeed, fortunate to secure an exclusive agency for Tanlac, as it is one of the very first Pennsylvania communities to derive the advantages of this premier preparation.

One of the Tanlac representatives, in discussing the introduction of the remarkable medicine here, said: "Prominent residents of Pennsylvania requested us to give the people of this section the same advantages of our medicine that we are now giving the people of other large American centers, where we have been assisting the thousands of suffering residents of those great sections.

"We finally yielded to these solicitations and while here we will prove to every one how easy it is to guard against the inroads of ill health by safeguarding your health as carefully as you do some other features of your daily life.

"Catarrhal affections of the head, nose, throat, and stomach finally produce a stuffed-up condition of the vital organs and nine times out of ten this condition is responsible for most of the ill health of the average American. Our faulty methods of living are back of it all, but it is never too late to correct our faults.

"Tanalac, the 'Master Medicine' we are introducing to overcome this distressing and sadly prevalent condition, we believe to be the best remedy of the kind on the American market today. This fact has been proven in the larger cities and will be unquestionably proven here. Thousands now testify an abiding faith in its astonishing powers over stomach, liver, kidney, intestinal and catarrhal ailments."

Tanalac is now sold here by Pipers Pharmacy, exclusive agent.

SKILL OF DOCTORS

(Continued from page one.)

Robert was one of three sons of the Spencer family, being the oldest. Addison and Harry are the other two. The family is well known.

The first funeral of the two will be held tonight at 7:30 o'clock when services will be conducted for Raymond Hall at the home of his father. Rev. W. G. Carl pastor of the First Baptist church where the boy attended Sunday school, will have charge. Then tomorrow Mr. Hall will start on another sad journey to Chattanooga, Tenn., here his wife and another son are buried.

Thursday morning at 10 o'clock the funeral of the Spencer child will be held. Rev. C. P. Bastian pastor of the Christ Lutheran church, where Robert was a member of Sunday school will conduct the service. The

burial will take place at Monongahela in the Monongahela cemetery.

Both boys were pupils in the Third grade of the Second street school and their teacher was Miss Elma Collins.

Though school sessions are being held conducting classes is difficult so shocked and saddened are the school-mates of the two lads.

Luck-Laden.

An idle person chanced to see a wagon rolling slowly along Fulton street. Bad luck pursued it. At Broadway, the driver sleepily tried to cross in disregard of the traffic policeman's ample and warning hand. His number was jotted down in the book of that recording angel and a summons was handed up. A few yards beyond, and the horse, turning to avoid a hot-chestnut peddler, went down in a heap. The pavement was slippery, and he must needs be unharnessed in the shafts before he could rise. Another block, and some body was digging a hole in the street to put in some kind of a main for somebody else. The off wheels of the wagon rolled too near, and the vehicle careened and slid into the excavation. It had to be unloaded laboriously by hand before it could be jacked up level again.—New York Evening Post.

Point to Consider.

"Dad," said the prodigal son, "now that I'm home again and have had my fling, I'm going to do something to make you proud of me."

"All right, son," answered the cautious father. "That's the way for you to talk, but I will reserve my congratulations until you make one point clear."

"Well, dad?"
"How much is this new venture of yours going to cost me?"

Time's Changes.

"I see that Fifi Fluddub, the actress, is so temperamental that she swoons at the door of tuberoses. So her man agreement has to watch her constantly."

"Um. Time brings great changes. I knew her once, and she was raised on a block next to a gashouse."

Chinese Amulet.

One of the commonest amulets worn by an only son in China is a small silver lock, according to the authors of "The Book of Talismans." The father collects coins from about a hundred different heads of families, and has them exchanged for silver, which is converted into a native padlock used to fasten a silver chain round the boy's neck. This, it is believed, will preserve him from evil spirits, lock him to life and contribute to his health and longevity.

Man's Usefulness.

A man continues in the prime of life so long as he continues to maintain and assert with full vigor those faculties which he habitually and most actively has been accustomed to employ. He may be old as to emphysema, but that he disregards because he has no special use for them in the work to which he has devoted himself and knows that in the future as in the past, they will continue to serve his purposes.

HARD COLDS

Cause Weak Lungs, Charleroi Druggist Suggests a Reliable Remedy.

We have a constitutional remedy for hard colds and weak lungs which we guarantee. Such letters as this prove its efficiency:—

Wickatunk, N. J. "I suffered from weak lungs, pains in my chest and very short of breath. I am an agent for the C. R. R. of New Jersey. I had a very bad cough and lost fifteen pounds in weight and my trouble interfered with my occupation so that I had to stop work last July. I had doctored for sometime without benefit, but when I learned of Vinol through a friend I decided to try it, and soon commenced to improve. My cough has gone, the soreness from my chest disappeared, I am working again and have regained the fifteen pounds in flesh which I lost." Victor Walden, Wickatunk, N. J.

The reason Vinol is superior to any other remedy is because it contains in deliciously palatable form the healing body-building and strengthening elements of fresh cod livers, tonic iron and beef peptone—the oldest and most famous tonics known to medicine. Try it on our guaranteed Pipers Drug Store.

Time-Loss in Tuberculosis

In the Journal of the American Medical Association (January 17, 1914) was the following:

"It has been many times stated that in tuberculosis or in the pre-tuberculous stage an increased amount of calcium (lime) is lost both in the urine and feces. In fact, a demineralization has been thought to be a forerunner of the development of tuberculosis."

"Forced feeding of tuberculosis patients and the enormous amount of eggs and milk once given such patients are not now considered advisable by a large number of physicians who are specializing in the treatment of pulmonary tuberculosis."

Always we have urged strictly to matters of food.
